First, Second and Fourth Regiments Will Spend Week There, Beginning July 6.

[Special to The Times-Dispatch.]  
Norfolk, Va., June 27.—Everything is being made ready for the coming of the Virginia National Guard to Virginia Beach July 6 for a week's stay. The troops to be there will be the First, Second and Fourth Regiments of Infantry, composing the Virginia Brigade under the command of Brigadier General C. C. Vaughan, Jr. This will be the first brigade encampment of Virginia troops since the Jamestown Exposition.

The First Regiment, commanded by Colonel William J. Percy, and made up of companies in Richmond, Alexandria, Charlottesville, Leesburg, Fredericksburg, Farmville, Staunton and Danville, will be the second to arrive, departing at 1 o'clock Sunday afternoon. The Second Regiment, Colonel Robert F. Leedy, commanding, and composed of companies at Warrenton, Front Royal, Strasburg, Winchester, Chase City, Roanoke, Petersburg, Culpeper, and Harrisonburg, will be the last to arrive. It is scheduled to reach Virginia Beach at 4 o'clock that afternoon.

General Vaughan and his staff will precede the troops to camp a day. The brigade headquarters will be established Saturday, July 6. General Vaughan is composed of Major Clinton L. Wright, adjutant; Lieutenant Colonel James F. Lynch, chief of the medical corps; Lieutenant Colonel J. Lane Stern, inspector-general; Major J. H. Winchester, chief of the quartermaster's department; Major Alfred B. Percy, chief ordnance officer; Major I. Watke Truxton, of Norfolk, has been assigned as commissary officer for the brigade.

Major Potts will arrive at the camp June 28 to make the preliminary arrangements and to purchase forage and feed. The requisition has been made for 15,000 rations, which will be supplied by the contractors furnishing Fortress Monroe. Fresh beef and vegetables will be delivered at the camp each day from refrigerated cars. All the equipment, including tents, army wagons and ambulances, now stored at Richmond, will be shipped to the camp the first part of next week and will be stored after the encampment in the building now being constructed.

General Vaughan has made request of the War Department for officers and that one hundred men be assigned officers from the regular army for instruction duty at the camp. This request has been granted and the details are now being made out. There will be three bands at the encampment. One of them will be the First Regiment band, which is made up partly of the famous Stonewall band of the Virginia National Guard. The other two bands will be given each afternoon, and the general public will be invited to attend not only the concerts, but to visit the camp at all times to see the state militia in camp here.

## MARSHALLS WANT HOME: TIED OF HOTEL LIFE

Washington, June 27.—Tired of hotel life, Vice-President and Mrs. Marshall have been considering house-keeping, but have not definitely made up their minds so far. The Marshalls, which they had under consideration on Columbia Road, near Wyoming Avenue, has been given up by them, so that at present their plans are most uncertain.

Announcement has been made that the Marshalls have decided to take the house, but Mrs. Marshall's most intimate friends are not sure of this. The Marshalls have decided nothing except that they are tired of living in a hotel, and may go to housekeeping some time or later. They had a house in view, the rental of which would be within the \$2,000 limit announced as the price of officers of this administration would pay for house rent.

Up to this house, but now looked upon as a joke, by the Vice-President and his wife, and they do not know just what they will do.

## THEY STUDIED ANCESTRY BEFORE EUGENIC MARRIAGE

Manchester, Mass., June 27.—Following their ethical-eugenic marriage on the open beach, without clergyman, best man or bridesmaids, and united under a ritual of their own composing, Robert H. Hutchins, of Philadelphia, and his bride, who was Miss Della Farley Dana, granddaughter of the poet Longfellow, are on their way to New Zealand, where they will study state socialism.

The marriage of the two is believed to be the first of its kind—both ethical and eugenic. Both have studied each other's families and their ancestors for some time in order to determine their fitness to have children.

## ATTENTION TOWARD MEXICO ATTACKED

(Continued From First Page.)

The committee would soon consider the question.

## Federals Defeated.

Nogales, Ariz., June 27.—The following telegram was received to-day from authoritative American sources in Hermosillo, capital of Sonora.

"Ojeda, the Federal commander, was overwhelmingly defeated in the battles of Ortiz and Santa Rosa.

The Federals disbanded, leaving military trains of sixty or seventy cars and all of their artillery. The whereabouts of Ojeda, who escaped from the battle and fled in an automobile, is unknown.

The Constitutionalists have begun repairing their bridges below Ortiz, planning to proceed to Guaymas."

## Reports Confirmed.

Douglas, Ariz., June 27.—Announcements of Sonora State officials of victory over the Mexican Federals above Guaymas, at first questioned, were confirmed to-day from various independent sources.

The Federal commander, Ojeda, admitted that Ojeda's forces had returned to the California Gulf port after their protracted campaign to the north.

General Obregon, in command of the State insurgents, telegraphed tonight that a detachment under Major Trujillo had occupied San Jose de Guaymas, a suburb of strategic importance, six miles from the center of the city. Constitutionalists reports that the Federals had abandoned their artillery, provisions, prisoners and wounded were borne off by private advances from the State capital and other interior points. Encouraged by their success in preventing Ojeda's march toward the capital, the State leaders plan an immediate investment of Guaymas.

The town, however, presents a difficult problem because of its natural advantages for fortification. Guaymas is set in a range of hills and from the Mexican gunboats in the vicinity may assist in its defense. It was to offset the gunboats that the insurgents had planned to use French aviators' aeroplanes, but the French aviators' bold dragging expeditions so far have been of little assistance.

## OFFICE ENTITLED TO HIGHER RATING

[Special to The Times-Dispatch.]

Bristol, Va., June 27.—Representative C. R. Slemmons' new post-office in Virginia Bristol, established in February last as a fourth-class office, which was destined to divide the business of the Bristol, Tenn. office, will seek classification in July. The receipts are said to have been ample to entitle the office to the rating of a second-class office.

Postmaster Gauthier is pleased with the earnings, and anticipates that the office will be promoted to the second class after its report to July 1 is before the department.

Upon the basis of the earnings of the office from the time it was established to the present, it is said that it will earn probably not less than \$2,000 in other words, will show that much in receipts in the run of the first twelve months.

The organization of the United Coaleries, Incorporated, with local offices in Bristol, means much for the Wise and Lee Counties coal fields. It is in part the same interests that is supplying a central power plant near St. Charles, in Lee County, at a cost of \$200,000, and which is to eventually call for an investment of from \$1,000,000 to \$2,000,000.

The officers of the coaleries organization are: R. Tate Irvine, of Big Stone Gap, president; Paul Dalaney, of Washington, D. C., secretary; and Frank Wright, of Washington, treasurer. The purpose of this organization is to link together a number of the operations in Lee and Wise Counties with a view to providing capital for developments now being carried on on an important scale. The new company has an authorized capital of \$500,000.

They figured, was a small amount to worry about, and on the free list cotton thread went, while committee members objected strenuously.

Following the action, there were reports of a committee of internal increase on yarns, and the opposition was less than had been anticipated, since the cotton schedule is the only one which the committee increased over the Underwood bill rates. One amendment, which provided a 30 per cent duty on cotton goods which contain thread interwoven by means of lappets, swivel and other attachments, was struck out, leaving such goods to carry the duty on the yarn content only.

Senator Simmons, chairman of the committee, said at the late adjournment that he hoped to have the bill through the caucus by Monday night. It will then go to the full Finance Committee, and probably be reported Wednesday.

The majority of the committee met late to-night and agreed upon an administrative amendment to the income tax section, providing for eighty-six additional clerks to collect the tax, and revenue and other additional employees necessary to carrying out the terms of the sections. All employees are to be appointed by the commissioner of internal revenue, for two-year terms, and without compliance to the terms of the civil service law. The estimated cost of collection of the income tax is fixed at \$1,200,000 a year.

## CANADA WILL NO LONGER BE AFRICAN

(Continued From First Page.)

[Special to The Times-Dispatch.]  
Montreal, Que., June 27.—Local immigration officials have no intention of arresting Jack Johnson, the negro pugilist, who is supposed to have come here from Chicago. The police informed Johnson to-day that, provided he left Canada in a day or two, he would not be molested.

Johnson appeared at a local newspaper conference to-day, and gave information on the opinion in the States on his case. He declared he was ready to give himself up to the authorities if they wanted him. Otherwise he would sail for Europe Monday.

Must Use His Ticket.

[Special to The Times-Dispatch.]  
Ottawa, Ont., June 27.—The Canadian immigration department to-day announced to-day that Jack Johnson, the negro pugilist, must at once prove that he holds a through ticket to France or St. Petersburg, or an attachment of interest and sent back to the United States. If Johnson has such a ticket, it was stated, he must use it at once. This announcement was made on a telephone call to the United States vice-consul in Montreal that the negro be deported.
